

Galveston officials to develop a cruise terminal on Galveston Island and market the city to major cruise lines once again. The *Celebration* will result in 20 ship port-o-calls in 2000 and 79 in 2001. It is estimated that the local economic impact will amount to approximately \$40 million annually from ship and passenger spending.

Mister Speaker, this is an exciting time to be a Galvestonian. I would like to applaud everyone throughout the community who made this dream a reality. When the first ship sets sail on September 30, it will usher in a new era of Gulf Coast cruise operations out of the Port of Galveston.

H.R. 5109, DEPARTMENT OF VETERANS AFFAIRS HEALTH CARE PERSONNEL ACT OF 2000

SPEECH OF

HON. SILVESTRE REYES

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 21, 2000

Mr. REYES. Mr. Speaker, I rise today to advise that unfortunately because of an important scheduling conflict, I was unable to cast my vote yesterday during consideration of H.R. 5109, The Department of Veterans Affairs Health Care Personnel Act of 2000. At the time of the vote, I was presenting a keynote speech in observance of Hispanic Heritage Month, where I highlighted veterans issues as part of a discussion of the important contributions of Hispanics in public service.

Had I been able to be present during consideration of the bill, I would have voted in support of the bill. This is a bill that I co-sponsored, strongly supported and voted in favor of being reported out of the House Veterans Affairs Committee for consideration on the House floor.

This is an important bill that would improve the personnel and administration systems of the Veterans Health Administration, allow for necessary construction, and require reports on the effectiveness of the Veterans health care system along with the various aspects of Post Traumatic Stress syndrome on Veterans.

The bill is important as it provides revised authority for pay adjustments for nurses employed by the Department of Veterans Affairs, and requires that nurses are consulted in formulating policy relating to the provision of patient care.

Also, as part of the full spectrum of health care for Veterans, I am pleased that the bill provides for special pay for dentists, and raises their salaries depending on their training and length of tenure.

Additionally, the bill provides an exemption for pharmacists from a ceiling on special salary rates, and authorizes the inclusion of a physician assistant to consult on the utilization and employment of physician assistants in VA medical centers.

Moreover, it is critical that our VA medical facility infrastructure is safe and meets the needs of our veterans. Therefore, I welcome the authorization in this bill for the construction of major medical facility projects across the nation.

In order to better serve our veterans, this bill also requires the Secretary of Veterans Affairs to ensure that a protocol is used in any clinical evaluation of a patient to identify pertinent military experiences and exposures that may contribute to the health status of the patient and ensures that information relating to the military history of patients are included in their medical records.

Most importantly, I commend the authors of this bill for developing a pilot program to allow Medicare-eligible veterans to receive care at non-VA facilities if they do not have easy access to VA hospitals. Accessibility of care is essential to truly meet our nation's healthcare commitments to our veterans. This carefully tailored demonstration project ensures that care is made more easily available in remote locations, while recognizing that primary VA health care facilities and services should in no way be comprised.

Overall, this bill should provide added improvement in health care services and benefits to our veterans. With H.R. 5109, we are providing important changes and modifications to the VA health care system, in order to continually maintain and upgrade the provision of services and benefits to our veterans.

Our veterans have always answered the call to duty. Consequently, America must always work to match this dedication by fulfilling our commitments to these men and women who have worn the uniform. I therefore strongly support this legislation, and I am proud that my colleagues joined in unanimously passing this bill.

HISTORICALLY BLACK COLLEGES AND UNIVERSITIES NATIONAL HISTORICALLY BLACK AND UNIVERSITY WEEK LANE COLLEGE

HON. JOHN S. TANNER

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Friday, September 22, 2000

Mr. TANNER. Mr. Speaker, I rise tonight to acknowledge the tremendous contributions and individual success stories that have helped our communities grow out of the presence of Lane College in Jackson, Tennessee, the heart of the Eighth Congressional District.

Lane College is one of six Historically Black Universities and Colleges located in Tennessee that have helped set a standard for academic excellence.

Lane was founded in 1882 as the C.M.E. High School by the Colored Methodist Episcopal Church of America. But the seeds for this great institution were first planted four years earlier in 1878.

William Miles, the first Bishop of the C.M.E. Church of America presided over the Tennessee Annual Conference in 1878 accepted a resolution by the Rev. J.A. Daniels to establish a school.

Two years later, after the great yellow fever epidemic and the ascension of Bishop Isaac Lane to the head of the Tennessee Annual Conference, four acres of land were purchased for \$240 and in 1882 the school's doors were opened.

Bishop Lane's daughter, Miss Jennie Lane, was its first teacher.

In 1884 its name was changed to Lane Institute. Then, 12 years later a college department was organized and the Board of Trustees changed the school's name to Lane College.

Lane College is a small, private, co-educational, church-related institution with a liberal arts curriculum offering degrees in the Arts and Sciences.

Led by Dr. Wesley McClure, the College's ninth president, the school continues to play a critical role in Jackson and surrounding communities as an institution committed to academic excellence.

Lane College is one of 120 historically black universities and colleges located in 23 states across the nation. Lane is one of six located in Tennessee and the other five are Fisk University, Knoxville College, Meharry Medical College, Lemoyne-Owen College, and Tennessee State University.

In 1997, 28 percent of African Americans who received a bachelors degree earned them from historically black universities and colleges.

Moreover, about 40 percent of African American undergraduates enrolled at historically black universities and colleges in 1996 were first-generation college students.

Over its first 118 years, Lane College has ensured its place in the community of academic institutions devoted to the growth and achievement of our young people.

So Mr. Speaker, we are quite certain it will build on that vision of community leadership and academic excellence well into the 21st Century.

Thank you for setting aside this time tonight so that we may recognize the important role historically black universities and colleges play in our country.
